Procedures to access Databricks Self-Paced courses

- Visit the page for our self-paced bundle using this link:
  https://academy.databricks.com/pathway/INT-AL-FREE-SP
  - You **must** go directly to that page. The code will only work on that bundle, and the bundle is not in the public catalog.
  - The code **will not** work on the self-paced courses listed in our public catalog for $75 each.

- Press the **REGISTER** button, which will add the bundle (or, learning pathway) to your shopping cart.

- If you have an existing Databricks Academy account, log into that account to check out. If you don't have an existing account, you must create one before checking out.
  - If you have forgotten your password, you can easily reset it from the login screen.
  - If you are creating a new Databricks Academy account then you **MUST** use your corporate email address. (Use of gmail/hotmail and other generic email accounts can restrict access.)

- When checking out, please use the following coupon code to make this training **FREE:**

  Coupon Code: DB_CE

- You will receive an order confirmation via email and within your Databricks Academy account.

To access your training course:

- Log in via Databricks Academy Account Log In

- Once logged in, go to your "My Learning" dashboard, by clicking **MY ACCOUNT** in the upper right.

- Locate the "Free Customer/Partner Introductory Learning" pathway from within your "My Learning" dashboard. Open the pathway, and you'll be presented with a number of self-paced courses.

- Some courses contain materials (Databricks notebooks) to be used in your Databricks workspace. Other courses are video-based. Carefully read and follow the instructions for each course to complete your training.

- Upon completion of any course that uses notebooks, you must return to Databricks Academy to mark the course complete. Once you do so, you will be issued with a Proof of Completion certification that is found within your Databricks Academy account (see "Awards" tab).
  - With video-based courses, course completion and the issuance of your Proof of Completion are automatic.

- For any issues, please email training@databricks.com
